Policy: ALCOHOL AND OTHER DRUG ABUSE
Chester-Andover Elementary School

Adopted: 06/06/94
Coded: 10/17/94
Amended: 09/21/98

All students have a right to receive an appropriate education in an alcohol and drug free environment. The board encourages educational programs that provide every student with an understanding of physical, psychological, social and illegal dangers associated with drug abuse.

Chemical abuse and dependency are treatable health problems that are primarily the responsibility of the home and community. The school shares this responsibility in the areas of prevention (education) and intervention (identification and referral).

Community and schools share in this responsibility because chemical problems often interfere with behavior, learning, and the fullest possible development of each student.

It is the policy of this school district that no student shall knowingly possess, use, sell, give or otherwise transmit, or be under the influence of any illegal drug, regulated substance, alcohol on any school property, or at any school sponsored activity away from or within the school. "Drug" means any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana or any other controlled substance as defined by state or federal regulation or statute.

The district shall conduct an alcohol and other drug abuse educational program on a sequential basis from early childhood through grade 12
